With all the investigation of the "Beef Trust" going on we have looked in vain for some witness to make a revelation about the constituent material in the sausage.

A politician exclams: "They are taking away our liberty by degrees." Guess not. They are just gradually curtailing the license which we have mistaken for liberty.

Mr. Ziegler Retires.

After a service of many years as foreman at Fore & Foster's mill, the genial, whole-souled, Mr. George Ziegler retired yesterday and will remove to a fine farm which he owns on Bradley's Creek. Mr. Ziegler was held in the highest esteem by the men under him and in token of their appreciation of his kindness and courtesy, on yesterday they presented to him a very handsome silk umbrella. Some wag humorously suggested that it was quite an appropriate gift for "Farmer" Ziegler as it would come in "handy" these long, hot Summer days while he is "rusticating" on his broad acres.

ELECTION TUESDAY

Registration in the Several Wards of the City Closed Last Night

CONTROVERSY IS BREWING

When and How New Officials Shall Assume Their Duties—Law As To Beginning of the New Administration.

Registration for the municipal election on Tuesday of this week closed at the several polling places at 9 o'clock last night. The registration consisted merely of a transcription of the books at the former city election and persons who were registered then and have not removed since and all those who have qualified anew will be entitled to vote in the election day after to-morrow. However, as there is but the one Democratic ticket, decided at the recent primaries, there will be no contest and only a light vote will be polled. The park bond issue bill will not be submitted at this election.

There is some controversy between the two factions of the new Board of Aldermen about the order of procedure and the time of the expiration of the present administration, immediately after the election Tuesday, but whether there will be any conflict of authority between the factions is not known.

The Star was on yesterday handed the following with a request to publish for information. It is Chapter 410, Private Laws of 1903, with explanation added, viz:

"An act to amend the Charter of the City of Wilmington.

"The General Assembly of North Carolina do Enact:

"Election of City Officers.

"Section 1. That the time of holding city elections Wilmington shall be on Tuesday after the first Monday in May, nineteen hundred and three, and biennially thereafter.

"Term of Office.

"Section 2. That the present city officials, officers and employes shall hold office until the day following the first election specified in section (one) of this act, and their successors shall hold office for two days. (years).

"Conflicting Laws Repealed.

Section 3. That all laws and clauses of laws in conflict with this act are hereby repealed.

"Section 4. That this act shall be in effect from and after its ratification.

"In the General Assembly read three times and ratified this 9th day of March, A. D., 1903.

"From the foregoing act it is plain that all officers, officials and employees of the City of Wilmington go out on Wednesday next—their terms expiring at 12 o'clock Tuesday night.

"It is therefore absolutely necessary to elect their successors on Wednesday, or the city will be without any officer from Mayor down.

"Another Act requires the election of Mayor at the first meeting of the Board (Act of 1866), and the rumors about holding over, or delaying the election of Mayor are sheer nonsense."

Another View of Case.

A leading member of the Wilmington bar also on yesterday approached a representative of the Star and having read in the afternoon paper a copy of the above law, gave the following opinion:

"The law will not permit municipalities that are so essential through their officers to preserve the peace, protect the property and health of the people, to be without officers, and under the general law these officers hold over until newly elected persons are chosen to fill the positions. So, in affirmance of this necessary public policy the Code of North Carolina declares, Section 3672, that in case of an election being changed or in case of a failure to elect, the old officers shall hold over, until their successors are chosen.

"So jealous are the courts of having the offices filled, that they, like nature, abhor a vacancy.

"The Supreme Court of North Carolina held in State vs. H. L. Staton, that the appointment of a defacto judge in office appointing a clerk of the Superior Court, was valid even as against the appointment of a de jure judge; also, it held that a clerk of the Superior Court holding over from the first Thursday in August until his successor was installed later on in the year, was rightfully in office and his acts were valid.

"Now it is the duty of the present officials to hold over until their successors are chosen without regard to the wishes of either faction in the city."

FAYETTEVILLE BANK CASES.

Cumberland Superior Court Meets This Week—Judge Ferguson.

Judge Garland S. Ferguson, of Waynesville, passed through the city yesterday on his way from Whiteville, where he held court the past two weeks, to Fayetteville where on Monday he will convene a double term of three weeks of Cumberland County Superior Court. The first week will be devoted to the trial of criminal causes and it is expected that early in the term the cases against Messrs. J. C. Haigh and George G. Myrover, former officials of the Bank of Fayetteville will be called up. However, it is said to be very probable that the cases will be continued. True bills were found against each of the defendants at the February term of Cumberland court upon which criminal jurisdiction was conferred by special act of the Legislature in order to give a speedy trial to the rapist, Walter Partridge.

Mr. Haigh has retained as counsel Messrs. Rose & Rose, N. A. Sinclair and H. L. Cook, while Mr. Myrover is represented by ex-Judge T. H. Sutton. It is not known whether Solicitor Lyon will be aided by other counsel in the prosecution or not.

Give A May Dance.

On next Friday night L'Arioso Club will give a delightful "May Day" german in the Masonic Temple. It will be a favor dance and as the last of the season, it is proposed to make of it more than the usual elaborate event.

STEWART-REHDER.

Popular Young Wilmington Claimed Fair Pennsylvania Bride.

The Pittsburg (Pa) papers speak in glowing terms of the marriage in that city Thursday evening of Mr. C. F. William Rehder, of this city, and Miss Jessie Carleton Stewart, formerly of Pittsburg, but for several years one of the leading nurses at the James Walker Memorial Hospital, in Wilmington, and a young lady of charming personality and graceful bearing. They were married at 8:30 o'clock at the home of the bride's aunt, Miss Martha Garde Chrisman, No. 6358 Marchant street, in the presence of a number of friends and relatives.

The bride was attended as maid of honor by her sister, Miss Martha S. Stewart, while the groom was accompanied by his brother, Mr. Carl B. Rehder, of Wilmington. The ceremony was performed in the parlor of the home, which was attractively decorated with palms and American Beauty roses. The bride carried a bouquet of Lilies of the Valley and violets. The maid of honor carried a bouquet of bridesmaids roses. The bride was attractively costumed in a tailor-made going-away gown of grey. The maid of honor wore a becoming gown of flowered point de esprit.

The ushers were Mr. Justice Demot and Mr. Raymond Fomey. The bride was given away by her aunt and the ceremony was most impressively spoken by the Rev. John Royall Harris, of Tennessee. The bride and groom took their departure on the 10.10 P. M. train for a tour of the East. They will be at home after May 15th at No. 819 Red Cross street, this city.

The wedding scene is described as beautiful indeed. The ceremony was performed under an arch of smilax, orchids and Lilies of the Valley, the decorations having been by Randolph & McClements, leading florists of Pittsburg. The ring service was used.

An elaborate dinner was given in the bride's honor by Mrs. Carrie H. Stone, at 6348 Marchand street, the day of the wedding at which there were more than one hundred guests present.

BIG TRAVEL TO-DAY.

If Weather Is Duplicate of Yesterday Crowds Will Visit Beach.

The Consolidated expects to-day to be the biggest of the season on the suburban line. Cars will be run every half hour as usual on Sundays, with double-headers during rush hours. Not only is the beach a delightful place to spend the day, especially a warm day, but a very convenient place on account of being easy of access. It is more convenient to get to the beach now than ever before on account of the shortening of the running time due to the double tracking on the suburban line this year. It takes only a half hour to make the run from one end of the line to the other. The large pavilion being erected by the company is rapidly nearing completion and it will not be long before it is open to the public.

Another place along the suburban line which is proving of interest to Wilmingtonians is "Winter Park." Last week a number of pianos were held at that place. It is a delightful spot where there are quantities of pretty flowers. It makes an ideal place for picnics.

"IN CONVICT STRIPES."

Opening Bill of Davis-Driscoll Company Academy To-morrow Night.

All this week the Academy will offer popular prices again and will do so with an excellent attraction—the Davis-Driscoll Stock Company. This well known organidation will inaugurate its week's engagement to-morrow night with a splendid production of "In Convict Stripes," which is a play of modern nature and powerful both in plot and action. The comedy is of a pure, bright type that wins frequent laughter. In connection with the play w.. se presented plenty of clever specialties.

To-morrow night the usual courtesy will be extended the ladies under the usual conditions. The sale of seats for this performance commenced at Plummer's yesterday morning.

Rural B. & L. Association.

Mention was recently made of the incorporation of The Rural Building and Loan Association, of this city. The company has for its special object the development of the rural districts of New Hanover especially, the present building and loan associations of Wilmington, with one exception, being chartered to do business only in the city. The new company will make loans and issue stock to parties anywhere in New Hanover county. The first series of stock will consist of 500 shares and will begin to run on May 6th, 1905. Some of this series is not yet taken and subscriptions may be handed to Mr. J. A. McGeachy at 127 North Front street before Wednesday night, when there will be a meeting of all subscribers of stock to elect directors and perfect the organization. This meeting will be held in the office of Rountree & Carr at 8 P. M.

Good Woman Gone.

Mrs. Eliza A. Jordan, wife of Mr. N. G. Jordan and a most estimable woman, died at her home, Cottage No. 92, Delgado, at 6:30 o'clock yesterday morning. Mrs. Jordan was 67 years of age and had been in feeble health for some time. She leaves besides her husband, one son, Mr. J. A. Jordan, superintendent of the Cape Fear Aid and Relief Association, of this city. The funeral will be conducted at 3 o'clock this afternoon and the remains will be laid to rest in Bellevue cemetery.

TRUCKERS ANXIOUS

Shortage of Refrigerator Cars to Move the Berry Crop Is Threatened

THE SHIPMENTS YESTERDAY

Excellent Distribution of Friday's Consignments—Monday Expected to Be Biggest Day on Record—Quotations in Baltimore.

Complaint comes from the strawberry belt, especially from the Chadbourn section where the movement is heaviest, of a serious shortage of refrigerator cars in which to move the crop. Unless the situation is speedily relieved it is said that thousands of dollars of damage will be sustained by growers by their inability to move their product as speedily as they had expected. The trouble is said to lie beyond the Atlantic Coast Line which finds it impossible to get quick returns of empties from the Pennsylvania system which is said to be just at present laboring under an unfortunate congestion of freight traffic on its lines. So great was the demand for cars yesterday, it is said, that thousands of crates of berries were loaded into the ordinary A. C. L. cars and carried on up the road to meet the refrigerator empties on their return from the North, the berries being transferred to the Armour car, which are re-iced at South Rocky Mount and hurried on through. The fruit ripened this year phenomenally fast and the movement reached giant proportions earlier than was ever known before. In consequence thereof, it was seen early in the season that a shortage was impending and everything in human power was done to meet the condition, but it seems that the efforts have been only partially successful.

Monday it is expected that the heaviest one-day shipments ever known from any strawberry growing belt will go forward. If the weather is favorable it is said that 200 cars will not be sufficient to handle all the consignments offered. With Sunday intervening, however, the transportation people hope to at least very largely relieve the car shortage and it is hoped that the heavy shipments will be equally as profitable to growers as those of the past week have been.

The movement of berries yesterday was the heaviest of the season, though from the Chadbourn section not so many cars went forward as on a previous day during the week, the increase in W. & W. shipments making the total shipments largest. From the Chadbourn belt 129 cars went forward during the day and up to 11 o'clock last night something like 60 had been moved on the Wilmington & Weldon, which with one car from the A & Y., ran the total number up to 190 for the day.

The distribution of Friday's shipments of 126 cars as reported by telegraph from South Rocky Mount last night, is regarded as the best of the season, all markets having shared proportionately in the number of cars received. The statement as received by wire is as follows:

COLLISON ON THE YARDS.

A. C. L. Trains Crashed Into One Another Last Night.

An extra log train, No. 55, in charge of Conductor Woodruff and Engineer Grant, going out of the A. C. L. yards in this city, en route to Whiteville, was in head-on collision with Shifting Engine No. 101 and a string of ten or twelve cars, in charge of Engineer Dan Branch, at the Ninth street crossing, last night about 7:30 o'clock. Both trains were moving at low rate of speed but the impact was sufficiently great as to disable both engines and smash two or three of the light log flats which were empty. No one of the crew of either train was injured. The shifting engine and cars were being brought from out of the old union depot. The track was blocked for several hours by the debris, but fortunately incoming trains could pass on a siding.

Friday night another wreck occurred on the yards here. Some cars at the old union depot were backed off a switch to a point beyond the "cleared" post of the parallel main track and the A. & Y. train side wiped them about 11 o'clock, disabling another engine and partially wrecking an express car of the train.

PILGRIMAGE TO ST. PHILIP'S.

Annual Visit of Colonial Dames to Old Brunswick, N. C.

The Star gladly gives space to the following communication regarding the annual pilgrimage of the Colonial Dames to the ruins of St. Philip's church at Old Brunswick next Tuesday:

With reference to the annual pilgrimage of the North Carolina Society of the Colonial Dames to Old Brunswick and St. Philip's church to which all of our citizens are cordially invited, it may be well to inform our inhabitants as to the aim and purpose of these excellent women, who are actuated by the patriotic motive of rescuing from decay and utter oblivion the fast falling records and relics which tell of noble deeds in years gone by.

In this strenuous age of unprecedented development there appears to be little veneration for the pioneers who established this colony "amid the dangers of the wilderness and the war-whoop of the savage." Nor for the statesmen, who upheld the principles of the Declaration of Independence, nor for the soldiers who yielded their lives in order that these principles might be maintained.

Many of the neglected and forgotten graves of the heroes of the Revolution have been desecrated by unholy hands. For many years the mouldering dust of one of the bravest and the best of North Carolina's sons has been profaned by ruthless hands and the special feature of the present pilgrimage will be the re-interment in the old grave yard of St. Philip's church all that is mortal of Chief Justice Alfred Moore.

The noble sentiment of Rasselas should find a lodgement still in the hearts of our people. "I honor the laurels which overshadow the graves of our fathers."

By the courtesy of the commanding officer of Ft. Caswell the garrison band will furnish music for the occasion and these musicians as well as the officers and their wives will be the guests of the Society. All others attending are expected to bring their luncheon as no refreshments will be sold on the grounds. There is no admission fee to Old Brunswick and the only expense will be the charge of the steamer Wilmington of 50c. for adults; 35 cents for school children, both for the round trip. An abundance of pure cistern water has been provided and rustic seats beneath wide-spreading trees afford "a boundless contiguity of shade."

The steamer Wilmington will leave her dock, foot of Market street, at 10 o'clock in the morning, a half hour later than her schedule, May 2nd., and will leave Old Brunswick wharf, which is a few hundred yards from the church, at a seasonable hour in the afternoon.

The Morning Star.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Sunday Morning, April 30.

THE BUMPER COTTON CROP.

The Star yesterday published the government census bureau report showing that in 1904 the South produced the enormous crop of $13,584,457 bales of cotton of the weight of 500 pounds per bale.

Our cotton planters will be particularly interested in the statement that all this big cotton crop is worth less than the much smaller crop of 1903. The census bureau, basing its average price of cotton upon information obtained from Secretary Hester of the New Orleans Cotton Exchange, for the grades and prices of upland cotton, and from Henry W. Frost & Co., of Charleston, S. C., and Butler, Stevens & Co., of Savannah, Ga., for prices of sea island cotton, and upon returns from cotton seed oil companies for prices of cotton seed, fixes the total value of the cotton crop of 1904 at $647,405,534.51, as compared with $660,549,230.82 for 1903, and $501,897,134.65 for 1902. It is noteworthy that the aggregate value of the cotton crop of 1904 is less by $13,143,696.31 than the value of the crop of 1903, notwithstanding the fact that the crop of 1904 exceeded that of the previous year by 3,491,386 bales. This is accounted for by the lower prices ot cotton and cotton seed than in 1903. The prices for 1904 are given as follows: Upland, 8.66 cents; Florida sea island 19.50 cents; Georgia sea island, 19 cents; South Carolina sea island, 27.12 cents; cotton seed $14.15 ton. For 1903 the prices were: Upland, 12.6 cents; Florida sea island, 23.60 cents; Georgia sea island, 21 cents; South Carolina sea island, 28.40 cents; cotton seed, $17.82 per ton. The total value is based upon 6,340,912,998 pounds net of upland cotton, 40,137,264 pounds net of sea island cotton, and 6,381,050 tons of cotton seed. The net weight of cotton produced is arrived at by deducting from the gross weight 22 pounds per bale for square bales to cover the weight of bagging and ties, 3 pounds for round bales and 10 pounds for sea island bales.

Just think of the big value of our great staple crop if our farmers could have gotton 10 cents a pound for the tremendous production of their toil last year, yet they got less than for the crop of 1903. The census bureau figures are intensely interesting and the probability is that they are pretty correct, so much so, in fact, that we have quit disputing the government figures and gone to work on a plan to reduce production so the industry will not be absolutely destroyed by low prices. Of course it is the biggest crop ever produced, having exceeded by 2,149,457 the former record-breaking crop of 1898, which was 11,235,000 bales.

The census bureau report is sufficient to overwhelm Southern planters with the palpable importance of cutting down production this year if they do not wish to take less than 7 1-2 cents for their cotton next Fall. We are already going into this cotton year with more than 2,000,000 bales not needed by the spinners and if we produce only a 11,000,000 bale crop this year, the manufacturers will have in sight, with the surplus and this year's crop 13,000,000,000 bales. In view of this fact, we hope the farmers of North Carolina will attend the meetings called by the Southern Cotton Association next Tuesday. These meetings will be held at each county site and it is necessary that they shoud absolutely represent the productive strength of each county.

JOHN PAUL JONES' DESCENDANTS.

The Rock Hill Herald, S. C., learns that the Cad Jones family of York county is related by descent to John Paul Jones, the first American admiral, and the founder of the American navy, whose body, after being interred in Paris for more than a hundred years has been disinterred and identified after a five years search by Ambassador Porter.

The Cad Jones family of South Carolina went into that State from North Carolina. They may be descendants of the North Carolina Jones family from whom John Paul adopted the name of Jones, or there is nothing unreasonable about the claim that they are lineal descended from John Paul or John Paul Jones as he became when he adopted the Jones surname in honor of Gen. Allen Jones and Mr. Wilie Jones, of Northampton county, N. C. The Jones family has long been a prominent one in York county, and would hardly make a claim which they cannot substantiate.

By the way we have some prominent North Carolina Joneses who have long considered themselves descendants from the first American admiral.

GEN. FITZHUGH LEE.

The South will mourn the death of Gen. Fifthugh Lee as the loss of one of its typical and most distinguished men. He had hosts of admirers North and South, and in Wilmington he was specially regarded with affection and honor. The last time he was in Wilmington eight or ten years ago he held a reception at The Orton and our people poured out to meet the gallant Virginian. His death will grieve the South and constitute a loss that will be deeply felt in every way.

CURRENT COMMENT.

—While American officials are said to be accusing one another regarding Venezuelan affairs President Castro goes calmly about inspecting his republic.—Baltimore Sun.

—Pensacola negroes are getting some healthful exercise these days. They are refusing to patronize the street cars, because of the proposed "Jim Crow" legislation. — Jackson Times Union.

—Those towns which are being torn by vigorous contests over municipal affairs should cast their optics on Charlotte and become convinced of how pleasant it is for brethren to dwell together in unity, without even a dissenter from the rule that is all-powerful.—Charlotte Observe.

—Skin-colored (not firesh-colored) stockings are coming into fashion and for fear they will not be enough in evidence French modistes are trying to introduce the hoop skirt again. Trying times are ahead of us. Dislocated necks will soon be a common complaint.—Jackson Times Union.

—From certain articles in the Norfolk papers we conclude that the aldermen of that city have passed on ordinance compelling women to remove their hats in church. Those aldermen are in hard luck, brought on by themselves, of course, as hard luck usually is—and we pity them. Life will be a burden until the law is repealed.—Greensboro Telegram.

—It would be interesting to hear what Sam Jones might have to say of the Rev. Mr. Daniel of the Cumberland Presbyterian church, who said at a recent meeting of the Presbytery of his church at Pittsburg that there were too many "sissified asses in the ministry." Mr. Jones has an ornamental vocabulary of his own and while he has called many ministers "hounds," and other various vigorous titles he never got as far as Mr. Daniel.—Chattanooga Times.

—Farmers' Bulletin No. 218, of the Department of Agriculture, has as its subject "The School Garden," and is especially interesting. It gives instruction for the management of schools in which city children as well as country children are taught how to conduct small vegetable and flower gardens, how to bud and graft and how to plant trees and shrubs. There are presented various experiments which children are to try with soils in their relation to air and water; with seeds and with seed testing and cutting. The pamphlet; which is well illustrated, cannot fail to be useful and entertaining to adults as well as to children, the operations described supplying opportunities for acquiring information and at the same time obtaining much amusment. — Baltimore Sun.

EVER SEE A CORK WALK?

If You Haven't, This Story Will Let You Into the Secret.

Lots and lots of our boys and girls have seen a match box, a horse fly, a stone fence, and even a board walk, but we are pretty sure that few of you have ever seen a cork walk. Still, under certain circumstances, a cork can walk, and this is the way to bring about that unusual spectacle.

Get as large a cork as you can find and stick side by side in one end a

THE CORK WALKING.

pair of flat headed nails. Then get two forks and insert them, one in each side, near the other end of the cork, as shown in the picture.

Now get a strip of wood four or five feet long and about two inches wide and make an inclined plane of it by piling books or boxes under one end. Place the cork on this, standing it on its nail legs, with one fork hanging down on either side of the strip of wood. Start the fork swinging from side to side, and you will see the cork walk jerkily down the board, taking ridiculous, stiff legged little steps on its nail legs.

AN ODD GAME.

It Is Played With a Pencil and Paper and Makes You Think.

This pencil and paper game can be played by any number of players. Give to each player a card with the alphabet written distinctly across the top. A paragraph of twenty-four words beginning with the various letters of the alphabet in their regular order is to be written. The words must of course make at least the semblance of sense. At the end of an allotted time each one should read his paragraph. If a prize is to be given the cards should be pinned up and the work voted on by all. Here are a few sample compositions:

"A boy can do everything for geese. He is just, kind, loving, merciful. Never ought poor, queer, righteous sisters to use viciousness with Xerxes' young zebras."

"Zeus yelled; Xerxes with vigor utilized troops. So, Romans, quell party or national misunderstandings. Love, kill, justly. In honor greet friends. Enemies do consider bad absolutely."

The author of the following, being unable to think of a word beginning with X, used X's to express number:

"Zoroaster yoked XXX white vultures under thirty stone rollers. Queer purple owls nightly made lamentation. Kingly jay birds in high glee fought every daring cavalier back again."

SPIRITS TURPENTINE.

—Newbern Journal: Measles may be said to be epidemic in this city. There are 147 absentees in the white graded school caused by this disease.

—The Democrats of Greensboro at a municipal convention on Friday night nominated T. J. Murphy for mayor. A motion was adopted to authorize the executive committee to formulate plans for a legalized primary.

—Charlotte Peoples' Paper: We see some men smelling round doing nothing, waiting for the election to get a job under the new administration, that would not be allowed to drive a muly bull to a scavenger cart in the jungles of Africa.

—The Singleton Silk Company, of Dover, New Jersey, and Wadesboro, N. C., has purchased a mill in Augusta, Georgia and will reorganize it as the Isaetta Silk Company to make warps in silk. The mill which has been purchased is one up the canal not far from the Sibley.

—Newbern Journal: The electric railway proposition which has been agitated in Elizabeth City, for some itme has failed by reason of its reputed supporters declining to make good the cause. A misunderstanding between the city council and the promoters is stated to be the reason for the failure.

—Application was made Wednesday morning to the Secretary of State for the chartering of a new million and a half dollar mining corporation at Cullowhee, but the papers had to go back for correction in that they had failed to comply with the law in specifying interests, and some other particulars concerning the issuance of preferred stock.

—At Fayetteville Friday morning the funeral services took place at St. James' Episcopal church over the remains of Mr. J. A. Worth, who died at Harrisburg, Pa., of typhoid pneumonia. Mr. Worth was for many years a trusted employe in the railway service, first with the Cape Fear & Yadkin Valley Railway, and afterward with the Atlantic Coast Line, and was a young man of fine character.

—The commencement of the North Carolina Medical College will take place in Charlotte May 14th and 15th. The principal exercises will take place in the Academy of Music on the evening of the 15th, beginning at 8 o'clock and will consist of the graduating ceremonies of the medical class in the college and the class of nurses in the Presbyterian Hospital. Hon. Cameron Morrison, of the Charlotte bar, will deliver the principal address, and Dr. W. Gill Wylie, of New York, will speak to the graduates and others present in the capacity of the profession.

—The distillery of the North Carolina Distillery Co., of Hamlet, has been seized by revenue officers under instructions from Washington. This is one of the biggest distilleries in the State and its manager Starkey Hard, was for a number of years a deputy revenue collector. The seizure is for irregularities, the government claiming, it is said, that there should be an assessment of $130,000 against the company to cover a discrepancy in the whiskey reported by the company for taxation and the amount the distillery should have made from the meal delivered as freight to the company by the railroads.

—Charlotte Chronicle: Of all the larger towns in North Carolina, Charlotte and Salisbury appear to be alone in the fact that they will have quiet municipal elections next week. It is true that there was a pretty warm fight in Salisbury prior to the Democratic primaries, but after the re-nomination of Mayor Boyden, the excitement cooled down, and the ticket named will be elected without opposition. In Greensboro, Durham, Raleigh, Goldsboro and other towns hot fights are on, citizens' tickets having been named in opposition to the Democrats in some instances. In each of these towns the liquor question is a burning issue.

—A dispatch from Durham on Friday says: Mr. B. L. Duke, who has been absent from Durham since last fall, when he went to New York, a short while afterwards was married to Mrs. Webb and then taken in charge on sanitay grounds, arrived in Durham this morning and is now at his home in this city. He is looking well and appears the same Brodie Duke, so well know to all of our people. An effort was made to see him this afternoon but he was at his home and was not seen. It is learned that the suit has not been settled yet, but that the move towards a settlement will probably be successful in a few days. The details of this settlement have not been made public.

—Governor R. B. Glenn delivered the address at the closing of the graded school at Sanford Thursday night. He spoke from the very same rostrum on which he stood several years ago, when things political were a blood heat, and there addressed the voters on what were then the political issues of the day. Mr. Glenn's address was one most fitting to the occasion, many saying they had never heard an address so timely and so filled with good common sense, and withal delivered in so masterly a manner. In the course of his talk, which was interspersed with as well as filled with the more serious concerns of life, he urged the development of the physical, mental, and the spiritual and moral nature, pleading with his hearers not to neglect that for which they were created above all things else.

—Early Thursday morning three men were arrested in Summer township, Guilford county, on the charge of firing the barn of Mr. Isaac H. Stanley of that township. The names of the men arrested are T. B. Farrington, Botie Farrington and Fred Ozment, all of whom are white and are known to have been among those who have engaged in retailing in that section. The hearing was continued until Saturday morning at 10 o'clock. The arrests were made by Sheriff Jordan, assisted by Assistant State Fire Insurance Commissioner Scott and Sergeant Neeley. It is charged that the parties became incensed at Mr. Stanley for reporting them for retailing and blockading. All three of the men were under bond at the time of the arrest for retailing. They are now in jail pending the hearing Saturday. The evidence against them is said to be very strong. They are charged with going to the house Sunday night, setting the large feed barn of Mr. Stanley's, worth several thousand dollars, and two other buildings, on fire. The family was awakened by an explosion of dynamite, which was in the barn.

—A dispatch from Kinston on Thursday says: The preliminary trial of the three Worleys, P. B. Worley and his sons, Tom and Clem, for the killing of Ed. Waters, was concluded this afternoon, and as a result P. B. Worley was liberated, while the two brothers, Tom and Clem, were held for the next term of court without bail. The autopsy yesterday, when the body was exhumed for examination, revealed quite a different state of affairs from what had been found by the superficial examination of the coroner's jury. It was found that one knife wound had penetrated the ascending artery, thus causing death; that two knife thrusts had severed the ligaments of the spinal column in the neck, thus giving preternatural mobility, which led to the supposition of the coroner and his jury that the neck was broken. The heart and a section of the neck bones were brought to Kinston and placed in evidence, this removing all doubt in the matter. The case was ably contested by eminent counsel on both sides. Ex-Governor Aycock appeared for the defence and Senator D. L. Ward for the prosecution. Argument by these two gentlemen were among the strongest ever heard here. Habeas corpus proceedings will be begun here to-morrow before Judge W. R. Allen for the liberation of the two prisoners. Self-defence is the plea made by counsel.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Wilmington is Learning This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only.

They're for sick kidneys.

They cure backache, every kidney ill.

Here is evidence to prove it.

E. Poezolt, merchant tailer, of Eight South Front St., residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be effective remedy. She sufferel with her ankles and could scarcely get down stairs in the morning. We though it was rheumatism and her ankles would be all puffde up every morning so she cold hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them, she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained, we are only too glad to recommend Doan's Kidney Pills to others."

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." R. R. Bellamy, druggist, guarantees them at 50c. ••

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Perkin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for Consumption, Coughs and Colds, kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for Coughs, Sore Throats or Colds; sure preventive of Pneumonia. Guaranteed, 50c. and $1.00 bottles at R. R. BELLAMY'S drug store. Trial bottle free. ••

A Daredevil Ride

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Thedore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25 c. at R. R. BELLAMY, druggist. ••

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c. at R. R. Bellamy's drug store, guaranteed. ••

GENERAL FITZHUGH LEE BE BURIED IN RICHMOND

Distinguished Virginian's Remains Will Be scorted by United States Troops and Lie in State in Virginia's Capital.

By Wire to The Morning Star.

Washington, April 29.—Mrs. Fitzhugh Lee, accompanied by her eldest daughter, Mrs. Rhea, and her youngest daughter, Miss Virginia Lee, reached Washington at 10:20 o'clock to-night to make arrangements for the funeral of her husband, General Fitzhugh Lee, whose body lies in Providence Hospital. Mrs. Lee was met at Lynchburg, Va., by her brother-in-law, B. H. Fowle of this city, and Mrs. Mann Page, an intimate friend. She was met at the station here by a large number of friends prominent in military and official life. Mr. Fowle announced that the only thing definitely decided was that the burial should be in Richmond, Va. The party went at once to the New Willard Hotel where a consultation was held regarding details.

Mrs. Lee and her daughters were oppressed with grief as they were greeted at the station. Those who met the party included Dan M. Lee, brother of the general, Miss Virginia Mason Dorsey, a cousin; Dr. Robert F. Mason, a second cousin; Lieutenant Govenor Willard, of Virginia; Colonel Joe Lane Stern, Adjutant Virginia Volunteers; Mayor Carlton McCarthy, of Richmond; Major R. E. L. Michie, of the Army General Staff, and Mrs. Michie; Inspector General Burton, of the Army, and Mrs. Burton; Mrs. Caskie Cabell, of Richmond, and Major Robert W. Hunter, who was adjutant for General Robert E. Lee.

No official action by the War Department will be necessary under the decision to have the burial at Richmond. However, it was stated by army officers to-night that a detachment of troops would undoubtedly be detailed as an escort for the remains to the station on their departure from this city.

Mayor McCarthy received a message from Richmond to-night stating that the city council had taken official action in resolutions asking that the burial be in Richmond, and tendering the City Hall in substitute for the dismantled capitol building as a place in which the remains may lie in state. The mayor will wire the decision reached here so that funeral arrangements may be perfected there by the council.

Remains to Lie in State.

Richmond, a., April 29.—Meetings of the directors of the Chamber of Commerce, and of the City Council, Lee Camp, Confederate Veterans and the Veteran Cavalry Association, Army of Northern Virginia, were held this evening, at which resolutions of regret at the death of General Fitzhugh Lee, and of sympathy with the general's family were adopted and arrangements were made for doing proper honor to the distinguished dead at the funeral. At the Lee Camp meeting, a monument fund was started by the Daughters of the Confederacy to General Lee. At the Westmoreland Club here to-day a portrait of General Lee draped in mourning and with a Confederate flag on one side and the stare and stripes on the other was hung in a prominent place in the club halls. In the city generally to-day flags were at half mast on Federal, State, city and private buildings and here and there special emblems of mourning appeared.

It is understood that the remains of General Lee will lie in state on arrival here in the rotunda of the City Hall, the State capitol being just now dismantled for repairs. The interment will be in Hollywood cemetery at a beautiful spot overlooking the river and very near the resting place of Jefferson Davis. Most of the military of the State is expected to attend the funeral.

The Funeral Arrangements.

Washington, April 29.—The remains of General Lee will be taken to Richmond on a special train leaving Washington at 1 o'clock Monday afternoon and reaching Richmond at 5 o'clock. An escort of cavalry, infantry and artillery will be provided here, and a small detail of troops will accompany the remains to Richmond. At the latter place the military features will be supplied by the State militia. It was the first plan to take the body to Richmond Sunday. This was abandoned to permit military honors to be shown the distinguished officer, it being impossible to issue and carry out the necessary orders for an escort before Monday. The interment will be made in Hollywood cemetery.

Jamestown Exposition.

Norfolk, Va., April 29.—The death of General Fitzhugh Lee will be a great loss to the Jamestown Exposition Company, of which he was president, and which had achieved much under his management and direction, but the exposition work wi.. go ahead under the management of Chairman C. Brooks Johnson of the board of governors, until a successor to General Lee had been named by the Exposition Company Directorate. Chairman Johnston is to-day in Washington representing the Jamestown management in details incident to the funeral preparations. General Lee's influence had been largely depended upon in securing State appropriations for Jamestown and he had already accomplished much in this direction. It was the idea to have him go abroad and secure representation at the coming exposition from European and other courts after the several States of the Union had been brought in line. This work must now be taken up by others.

Mayor Riddick to-day ordered the city in official mourning out of respect to the memory of General Fitzhugh Lee, and directed that the mayor's office and other buildings coming under the executive department of the city bedraped in black.

The Mayor further ordered the tolling of the city hall bell and the placing at half mast of the city flags as a further mark of respect to the memory of General Lee.

Colonel A. M. Higgins, commanding the Seventy-first Virginia Regiment early in the day ordered the flag on the Norfolk armory at half mast in respect to General Lee.

Certain prominent Norfolk people who were active in the original Jamestown movement, are proposing to-day that General Joe Wheeler, of Alabama, be made General Lee's successor as president of the Jamestown Exposition.

The Jamestown offices here have been closed and draped in mourning. The directors will meet Monday to adopt suitable resolutions. General Lee was the second president of the Jamestown Exposition. Henry L. Schmelz, the first president resigned of his own volition after holding the office for a short time.

The Young Men's McKinley Club.

Canton, O., April 29.—At a special meeting to-night the Young Men's McKinley Club adopted memorial resolutions on the death of General Fitzhugh Lee, who responded to the "McKinley and the South," at the McKinley Memorial dinner here January 31st. The resolutions were offered by William L. Day, son of Supreme Court Justice W. R. Day.

OGDEN SPECIAL IN BAD WRECK

Four Men Killed, Many Injured in Frightful Collision at Greenville, S. C.

THREE BURNED TO DEATH

Four Cars of Mr. Ogden's Train Were Demolished and Caught Fire—None of Northern Party Seriously Injured.

By Wire to The Morning Star.

Greenville, S. C., April 29.—While rounding a curve inside of the yard limits of the Southern railway at Greenville and running at the estimated speed of fifty miles an hour, the special Pullman train bearing Robert C. Ogden and one hundred members of the Southern Conference for Education crashed into the rear end of a freight train at 7:55 o'clock this morning, killing four persons and injuring a score of others. None of Mr. Ogden's guests were killed.

The dead are: Charles M. Cope, white, brakeman of the special, Columbia, S. C.; John Little, W. W. Cummings and J. F. Haynes, negro employees on the dining car St. James.

The injured are: Professor Henry W. Farnam, Yale University, arm broken and cut on head; Mrs. Henry W. Farnam, badly bruised about head and arm; St. Clair McKelway, editor Brooklyn Eagle, bruised on the back and shoulder; Dr. Julius D. Dreher, Roanoke College, cut on head; Robert M. Ogden, secretary of President Ogden, cut on hand and head, bruised; Mrs. J. N. Throp, Cambridge, Mass., cut and bruised on head; Bishop W. N. Vicker, of Providence, R. I., bruised; James Hunter, engineer on special, leg and arm broken; Walter Kershaw, electrician on special, ear and head cut; Conductor Edward Acker, bruised; John F. McCoy, agent Pennsylvania railroad, gash on head; R. S. Hull, negro cook on dining car St. James, cut on arm; George Williams, waiter on diner Waldorf, cut on arm.

The combination baggage and club car and two diners, together with the locomotive and a freight car were piled into a heap and in an instant fire broke out in the cooking end of the diner. Dr. McKelway, Professor Farnam, Mrs. Farnam, Mrs. Thorp, Dr. Dreher and Robert M. Ogden were eating breakfast in the second diner which was torn to pieces. The floor collapsed and the passengers were picked up from the track. The seven sleeping cars beyond and diners were left intact, but the shock sprung many locks, imprisoning the occupants. Seth Low and Mrs Low, Bishop McVicker and others were rescued when the doors were smashed open with axes. The passengers in the St. James were quickly removed, but the three negroes could not be saved. They breathed the flames and died.

When he saw that the crash could not be averted Engineer Hunter of the Ogden train applied the emergency brakes and jumped. Practically all of the baggage, said to be valued at $12,000 was destroyed. It is claimed that a misunderstanding of orders led to the accident.

The northbound passenger train only had orders to take the siding at Paris, a way station four miles north of Greenville. The freight, which was being made up here, was on the main line. As a result of the wreck. President Ogden abandoned his trip to other points and the special left tonight for the East, Professor Farnam and wife remaing here in a hospital.

At the coroner's inquest this afternoon the train dispatcher testified that orders to the effect that the Ogden special would arrive at 7:45 were filed in the yardmaster's office and later that another order was filed that the special would arrive at 7:55. Yardmaster Riser testified that re received no orders whatever to that effect.

Washington, April 29.—To the fact that the Ogden special was running forty minutes late is attributed the wreck at Greenville, S. C., to-day by officials of the Southern railway here. Athough late, the special was running under revised orders and no fault is to be attached to the crew. The crew operating the switch engine, supposed the special had cleared the yard forty minutes prior to the accident, and at the time were shifting cars from one side of the yard to the other which necessitated crossing the main track. The special was running thirty miles an hour. The engine of the special is a complete wreck, lying overturned across the track. Two dining cars, a club car and a baggage car were demolished. Fire which followed the collision was quickly extinguished. A box car, a coal car and four freight cars, the obstruction to the special, also were demolished.

Added to the list of injured are the following: Negro employees, E. T. Hill, Henry Wiley, J. E. Hargroves, W. W. Walker, W. Mickens and Abbot McIntyre. Conductor Acker was bruised on the left cheek and left leg; Trainmaster Mackawell was bruised and his left hand cut. Baggage Master Downs was bruised.

The Southern placed a special train at the disposal of the party to run either to Biltmore, N. C., or New York, but after consideration it was decided to come north. Dr. and Mrs. H. W. Farnam will remain at Greenville on account of injuries, and Mr. and Mrs. Macy will stay with them. The latter two were not injured.

IT IS UP TO BOWEN.

Summoned to Face Francis Loomis With His Charges.

By Wire to The Morning Star.

Washington, April 29.—Secretary Taft has received instructions from the President to call Mr. Bowen, now at Caracas, to Washington; also to send Mr. Russell, now minister to Colombia to Caracas and Mr. Barrett, now minister at Panama to Colombia. It is stated that if Mr. Bowen's actions relative to the charges affecting Assistant Secretary Loomis are not subject to criticism it is the President's purpose to send him as minister to Chili and then probably as ambassador to Brazil.

The cablegram to Minister Bowen, instructing him to report to Washington forthwith was dispatched to-day by acting Secretary Loomis. Secretary Taft also sent a cablegram to Minister Bowen to-day stating the reasons for his summons to Washington. They are, in brief: first, because Mr. Bowen had filed charges against Mr. Loomis; second, the publication of those charges in the New York Herald; third, Mr. Loomis' complete denial; fourth, Mr. Loomis' counter charge that Mr. Bowen had secured that publication, and fifth Mr. Loomis' desire to be confronted by Mr. Bowen here. Secretary Taft added: "If all goes well you may return to the diplomatic service."

The board of extension of the Methodist Episcopal Church, South, has concluded its work at Louisville, Ky. Of unpaid grants allowed. North Carolina gets $450, South Carolina -2,700 and Western North Carolina $3,100.

NAN PATTERSON TALKS TO THE NEWSPAPER MEN

Chorus Girl was Chipper and Cheerfully Confident of Her Acquittal—Letter She Wrote One of Her Sweethearts.

By Wire to The Morning Star.

New York, April 29.—Nan Patterson received a number of newspaper men in the prison to-day and talked with them freely regarding her case. The interview was arranged by her counsel, but none of them was present at the meeting. During the talk she sat beside her sister just outside the door of their cell.

Miss Patterson said she was thoroughly in accord with the decision of her counsel not to put in a defence. She considered it an eminently proper course. She praised the courage of Mr. Levy, the chief counsel, in daring to submit the case to the jury on the prosecution's evidence.

"I am not at all afraid of anything that 'Midget' has said on the stand," she said as she placed her hand on her sister's arm. "To me, Mr. Rand's action was more amusing than serious knowing, as I do know, that he offered 'Midget' her freedom if she would testify as he directed. Of course, anybody would be nervous when one was so badgered as was Julia." Although he tried very hard, he didn't do me any harm—at least that is what I think.

"But did you ever see anything so shameful" she continued, "as his offer to my sister of her freedom if she would promise to testify against me?"

The sister then embraced and then "Nan" said to her sister:

"Don't you think the same way, 'Midget'?" she asked Mrs. Smith.

"You bet I do," replied her sister.

"They couldn't make me say anything that would hurt you, Nan. Anyhow, there is not anything I could say that would hurt you."

Miss Patterson continued: "What do you think of Mr. Rand's showing the letter I wrote to Leslie Coggins? That letter is the one letter that every girl at least once in her life, writes. I was not on good terms with 'Caesar' Young at that time. I was practically engaged to Mr. Coggins. He professed to love me very much, but now I feel sure he was playing me false. Mr. Coggins came to see me last summer in my cell here in the prison. He gave me $50. He told me how sorry he was for me and he said, I remember his words: 'Nan, now you see what a mistake you have made by not marrying me.'

"I believe now that all the time he was calling on me he was acting in the interest of Millin."

The letter referred to by Nan Patterson was written while she was at a hospital. Assistant District Attorney Rand introduced it as evidence that she had another sweetheart while professing undying love for Caesar Young whose money she was at the same time using at will. The court ruled out the letter as having no bearing on the case against her on the charge of murdering Young. The letter which Nan wrote to Leslie Coggins is as follows:

Dearest:—I was afraid you had forgotten all about your little girl, I am feeling fine and dandy, sweetheart. Have been up all day long. I am going out to-morrow at 2 o'clock. What do you think of that? Gee! isn't that great? Geehum, I'm so glad I can't wait for morning to come. Y. is coming up this morning. I'll ring you up to-morrow night. I am going to give a little party to a few of the nurses who have been more than good to me, and wish you could run up for a minute later on. But maybe it will be better to wait until I leave this damn place. What do you think, dear? Just send me a real long note because they do help so to cheer me up.

Please send this back in your note, love, as I really think it best. Be a good boy and do as mother says. All my love and kisses. CRY BABY.

P. S.—If you should walk on the other side of the street I could see you from my little window, but don't tell any one I told you so.

PANICY IN NEW YORK.

Distrust in the Stock Market Broke in Furious Storm.

By Wire to The Morning Star.

New York, April 29.—The conditions of distrust in the stock market which have been growing for some time broke into a furious storm of liquidation to-day and swept away all support. Selling under pressure of necessity found practically no demand to meet it and the comprehensive slump in prices was the result. The weakness was multiplied by the decline in prices and many additional offerings were forced upon the market by lenders of money solicitous for the value of their collateral, by speculators desirous of limiting their losses, and by holders on margin who were forced out by their brokers as the margins were wiped out. The conditions which resulted were those of panic. The professional bear operators of course aided their efforts to agravate the decline and reaped a rich harvest in the slump. The violence of the decline, the urgency of the selling and the lack of confidence argued by the small demand to buy at any stage of the decline naturally gave ris to many rumors of financial difficulties.

Nothing developed affecting intrinsic conditions to account for the enromous liquidation. The bank statements made a slow showing. The break in the market could not be traced to money conditions, although next week's heavy requirement received some conditions. The tone at the close gave no clear evidence that the storm had passed, perhaps in some closing at the lowest, with the furious actiity unabated. The extreme losses extend very generally from one to four points and for Buffalo Rochester and Pittsburg there was a decline of 11 1-4; Northwestern preferred, 9 3-4; C. C. C. & St. Louis, 8; United States Rubber preferred, 7 1-2; A. C. L., 7 1-2; New York Central, 7 and for an extensive list of active stocks from four to five and a half points, the latter figure for St. Paul.

The total sales of bonds per value were $1,940,000. Total sales of stocks 1,243,600 shares.

DEATH DEALING TEXAS TORNADO

Twenty-One People Killed Outright and Score Severely Injured, Many Fatally.

FOUR OF ONE FAMILY SLAIN

Many Buildings Were Wrecked, Including the Magnificent Laredo seminary—Loss in Property Thousands of Dollars.

By Wire to The Morning Star.

Laredo, Texas, April 29.—(By messenger to Bermuda, Texas). Later details from the tornado which struck this city yesterday evening indicate that first reports were by no means exaggerated either as to the number of lives lost or the financial damage resulting. Scores of people were injured and are being attended by the various physicians. It will be impossible to state the number of the injured, but it is not believed that many deaths will result from injuries. The number killed is sixteen in this city, four of the killed were members of one family. They were all crushed to death by the falling in of the heavy walls of a boarding house which they occupied. The others mentioned in the list of killed met their fate in a like manner.

The damage wrought to the Laredo Seminary is severe. Not one of the group of magnificent buildings which go to make up that institution escaped damage. The barracks, the primary building, Emery Hall and the chapel were damaged from fifty to seventy-five per cent. The escape from death of the teachers at present quartered in the institution is considered miraculous, as the walls of some of the buildings which they occupied were completely demolished. Mrs. Easley, one of the teachers was heroically rescued by several young cadets, students of the institution, who lowered her by a rope from a second story. She was badly bruised.

The Mexican National Hospital building had the roof lifted from the edifice and it will require much time to repair the building for patients. a trip through the town fails to show a locality that has not suffered more or less from the storm. Trees, fences, telegraph and telephone poles and corrugated roofs, chimneys and walls and debris of all imaginable kinds strew the streets.

The city authorities have gone diligently at work cleaning away the wreckage of the storm and at a late hour to-night the city is beginning to assume its customary tranquil appearance. Linmen are at work endeavoring to straighten out the tangle of wires, and it is believed, that within two days the electric light service can be resumed. It is hoped to re-establish telegraph communications, at least partially, within two days.

Conditions in New Laredo, across the Rio Grande river, in Mexico, are similar to those existing on this. It is not officially known how many dead or injured there are, but in an interview to-night, a city official of that place stated that there were five dead that he knew of, although rumor has it that ten lives were lost. The five known dead added to the list of dead on this side of the river will bring the dead to twenty-one persons.

The storm made its appearance from the southwest in the neighborhood of Lampasas, Mexico, seventy-two miles from this city, and it is reported that great havoc was wrought in that locality, although it is not thought that any loss of life resulted.

Dr. H. J. Hamilton, of the United States Marine Hospital service, has placed 150 tents with bedding, etc., at the disposal of the homeless.

Austin, Texas, April 29.—Late this afternoon the following communication from Mayor Sanchez of Laredo, addressed to Governor Lanham, was received:

"Laredo appeals to you and through to the good people of Texas for immediate aid in our great misfortune of last evening. The cyclone wrought untold damage to this city. Several lives were lost and distressing conditions prevail. It is impossible just now to state the extent of loss of life and damage to property, but have seen enough to satisfy me that we need immediate assistance to relieve the suffering and the homeless."

In response to his request Governor Lanham issued a general appeal for help, expressing the wish that Texas in general would be liberal and prompt in their help.

Probably Exagerated.

St. Louis, April 29.—A special to the Post-Dispatch from Austin Texas, says:

Additional particulars received here of the Laredo tornado are to the effect that more than a hundred persons were killed and several more or less injured. Thirty-five guests in one hotel were killed outright. Fifty railroad coaches belonging to the International and Great Northern and Mexican National railroads were blown away. It is estimated that more than 150 houses were blown down by the storm including the two hotels of the town. The governor is inquiring into the matter with a view of sending relief to the storm-sufferers.

ROOSEVELT TUCKERED OUT.

Report Denied That Bear Hunter Has Been Sick.

By Wire to The Morning Star.

Glenwood Springs, Colo., April 29.—Elmer Chapman, courier between President Roosevelt and Secretary Loeb, to-day visited the ranches of A. Wisner and W. L. Smith, both of which are situated in the West Divide creek country, where the President is hunting for bears. At both ranches, Chapman said: "The President is in fine shape. He has not been sick. He was kind of tuckered out, but he has not been sick at all."

Chapman's announcement of the President's condition was cheering to those who have been receiving contradictory reports from unauthoriative sources. As the situation is understood now, the President had a day when he was feeling tired. He remained in camp for the day and the story was started that he was sick.

The President's hunting party tomorrow will attend Presbyterian services at Old Blue School house, near the camp on West Divide Creek. The sermon will be preached by Rev. Horace Mann of Rifle, Colo., who was a guest of the hunting party for two days last week.

BIG LIQUOR SEIZURE.

Big Distillery at Hoffman Taken by Officers—Hamlet Raid.

Raleigh, N. C., April 29.—Seizure of the Hoffman distillery, at Hoffman, Richmond county, N. C., is reported to-day. The government will continue to operate the plant until all possible materials are used. The distillery has in stock over 2,000 gallons of whiskey. The seizure is on account of "irregularities" including the failure to report for taxation a quantity of whiskey in keeping with shipments of meal they have received.

It is ascertained that the Carolina Distillery that was seized at Hamlet a few days ago, has on hand 23,743 gallons of whiskey.

Child's Narrow Escape.

Persons in the vicinity of Ninth and Princess streets witnessed a harrowing scene yesterday morning about 9 o'clock. A child living in the neighborhood wandered out of its yard and as a street car rounded the curve on that corner it ran in front before the motorman could stop the vehicle. He had the presence of mind, however, to drop the fender and the youngster was scooped up without injury being taken a few minutes later bawling at the top of its voice, into the home of its parents on Princess street. The child was apparently unhurt.
